

ORM Special Event March 20, 2010

Tour Host: Larry Dodd

A trip to Waynoka Station

This is a fabulous must see facility to visit. Visit their website at: www.waynoka.org
Lunch at the Mexican restaurant in the original Harvey House Restaurant location.

Trip to Curtis Hill for some rail fanning www.curtishill.com

“Oakwood Depot” About a 1 minute drive off the highway to visit the original location
The plan is to *leave the ORM parking lot at 8:30 AM promptly* and carpool/convoy to Waynoka with a quick stop at Oakwood. If you have folks you can share a ride with it will make for great fun and be more cost effective. If you want to attend independent of the convoy that is fine. Bring family, friends, prospective members or ORM member friends for a day of fun.

This should be a fun day out for ORM members and a much needed break for members who spend Saturdays and other times volunteering at the museum. A terrific opportunity for prospective members to get to know us.

Please try to make it to the event as part of the convoy leaving the museum but feel free to join up with us along the way.

For questions about this event and a map of the route from the ORM to Waynoka and a map of the Curtis Hill rail fan meet up locations e-mail: ormnews@cox.net

Cell phone contacts the day of the event are listed on the map. In the event you need to find the group on “the Hill” the map shows location identifications for reference.

This could be a weather dependant event. If weather appears questionable for the event, contact one of the cell phone numbers listed on the map available by e-mail for event status.
